CRIME LAB NARRATIVE

Thursday, July 29, 2004

DETAILS

On Monday, July 26, 2004, at approximately 0800 hours, I was contacted by EOC and advised that a lab response had been requested to process the scene of a sexual assault.

LOCATION

The scene was located at the "Spring Tree Apartments" located at 7016 E Reno, apartment # 119. The apartment is a two bedroom, one bath, single story flat located on the ground floor. The apartment has one door which is located on the north side of building 7016. The front door opens into the living room.

SCENE

I arrived on scene at approximately 0830 hours and was met and briefed on the situation by Sgt Kelley # 99. After completing a scene survey with Kelley, I began my technical investigation.

I was advised by Sgt Kelley that the victim stated she had been awakened by what she thought was a black male holding something sharp to her throat. The suspect then forced the victim into the living room which is where the victim states the assault occurred.

My scene survey found the following:

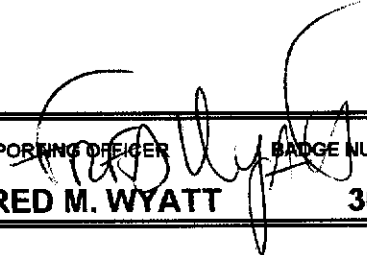

The north side living room window closest to the front door was opened approximately 5 inches. An entertainment center was positioned directly in front of the window. This window was photographed.

The two apartment windows (childs bedroom and kitchen) located on the south side of the building were found closed but unlocked.

What appeared to be mud was found smeared on the outside wall under the kitchen window. Mud was also found on the inside of the kitchen window sill. This area was photographed and a sample collected.

Outside, on the ground, on the south side of the apartment, I found (2) candle holders and (2) tin plates. These items were only a few feet from the kitchen window. They were photographed and collected.

Cpl. Hudgins pointed out a condom wrapper found in the laundry room which is located approximately 63 feet northwest of the victims front door. The wrapper was photographed and collected.

Sgt Kelley pointed out a condom wrapper found in a trash can in a breezeway by the mailboxes located approximately 85 feet south of and in view of the victims kitchen window. The wrapper was photographed and collected.

Several shoe prints were found in the mud on the south side of the apartment building. The prints were photographed with scale.

Inside the apartment I found a yellow colored bandana laying on the love seat positioned against the east side living room wall. The bandana was photographed and collected.

I photographed and collected a dark blue area rug which was on the floor between the sofa and love seat.

A butcher knife was found laying on the east counter top in the kitchen to the right side of the kitchen sink. I photographed and collected the butcher knife.

I noted the phone cord which led from the south wall in the dining room to the phone and caller ID in the kitchen had been cut. I photographed and collected the cord and caller ID.

Several additional items of evidence related to this scene were photographed and collected by Investigator Smith # 303. Those items are detailed in her narrative.

SCENE PROCESSING

Latent fingerprint processing was completed by Investigator Smith and will be detailed in her narrative.

Using adhesive tape, I attempted to collect any trace of hair or fiber from the victims sofa which is positioned against the west wall in the living room. The tape collections were placed in paper sacks and secured at the scene.

EVIDENCE

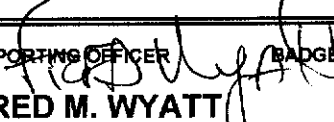

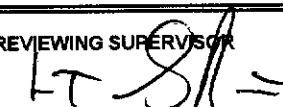

Several items of evidence were collected at the scene. All items were photographed and collected. Those items are listed on the attached property report form.

On 7/26/04 at approximately 1520 hours, I released to Detective Davis of the Oklahoma City Police Department, several items of evidence related to this case. Those items are identified on my property report form.

Several items of evidence collected from the scene were processed by our lab for latent fingerprints. Investigator Smith's narrative details the processing results. A sexual assault exam kit was collected from the Midwest City Hospital ER by Cpl Pitre and is listed on Pitre's property report form.

We departed the scene at approximately 1210 hours.

A scene sketch is attached.

PHOTOGRAPHS

Using a Sony MVCFD97 digital camera with flash, I completed a series of general overall scene photographs as well as close up images of specific areas and/or items of damage and evidence. Original images were transferred from the cameras image card to the lab photo directory located on the PD server.

REMARKS

A copy of this narrative and my field notes will be retained on file in the lab for future reference.

FORENSIC LAB SUPPLEMENTAL NARRATIVE

Friday, July 30, 2004

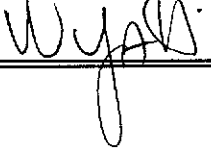

DETAILS

On Wednesday, July 28, 2004 at 2000 hours, I was requested by Det. Ozuna to obtain buccal swabs from a possible suspect in this case. After consent was obtained, buccal swabs were collected with sterilized cotton swabs from the right and left cheeks of suspect, Rayshun Mullins, B/M, 11/10/1982 at the Midwest City Police Department at 2005 hours. The swabs were packaged individually and sealed in clean, unused cardboard containers. The buccal swabs are listed on T.I. Smith's property report form as items #23 and #24.

On Thursday, July 29, 2004 at 1545 hours, I was notified by Det. Ozuna that the initial swabs had not been packaged according to Oklahoma City Forensic Lab procedures and new swabs were needed. After consent was obtained, I collected buccal swabs with sterilized cotton swabs from the right and left cheeks of Mullins at 1600 hours. The swabs were packaged individually and sealed in clean, unused cardboard containers. The buccal swabs are listed on Ozuna's property report form as items #1A and #1B. Ozuna took the swabs to be submitted to Oklahoma City Police Department for analysis and comparison.

REMARKS

A copy of this narrative will be retained on file in the lab for future reference.

FORENSIC LAB NARRATIVE

Thursday, July 29, 2004

DETAILS

On Monday, July 26, 2004 at 0905 hours, I was contacted by Sgt. Favors and requested to assist T.I. Wyatt on a rape scene. This report only details what I did at the scene and the evidence I processed. See T.I. Wyatt's report for additional information.

LOCATION

The scene was located at 7016 E. Reno #119 at Spring Tree Apartments. Apartment #119 is located in the center of the complex. The front door of the apartment faces the north. The apartment has two bedrooms and one bathroom.

SCENE

I arrived on scene at 0915 hours. Cpl. Cargal was on scene and in charge of the crime scene entry log. Det. Ozuna, Det. Kimball, and Sgt. Kelley were also on scene. I met with T.I. Wyatt and he briefed me on the situation.

I was advised that the possible point of entry was the kitchen window located along the south side of the apartment. I processed the exterior side of the kitchen window and window sill for latents. No usable latents were found on the exterior side of the window. I also processed the exterior side of a bedroom window located east of the kitchen window. I did not find any usable latents on the bedroom window. Both of the windows were unlocked. I was able to easily raise both windows by using my thumbs.

While processing the exterior windows, I was advised that Det. Kimball located items of evidence in a trash dumpster located in the north east corner of the apartment complex. I went to the trash dumpster to take photographs and collect the evidence. A pink pair of knit pants were found in the trash dumpster. The pants were photographed and collected. Under the pink pants, I found a gold "Trojan Magnum" condom wrapper. When I collected the condom wrapper, I found a used condom under the condom wrapper. The used condom was collected.

I assisted T.I. Wyatt in processing the scene inside apartment #119. I processed several items and areas for latents. I processed the vinyl tile floor using black powder. I found what appears to be a partial shoe print. I processed the interior of the kitchen window with negative results. I processed the wooden window sill and the window casing. I found some latents on the window sill and east side of the window casing that are poor/fair quality. The latents will be submitted to AFIS for possible enhancement. I also processed the kitchen counter, a wooden knife block,

and the top of the stove for latents. I did not find any usable latents on those areas.

There was a phone jack located on the south wall of the dining room. I processed the phone jack for latents with negative results. I also processed the dining room table and chairs for latents but did not find any. The door knob on the front entrance door was processed but I only found poor quality latents.

I processed the door knob on the door leading to the north east bedroom where the victim was sleeping. I also processed the edge of the dresser by the bed and the headboard area. No latents were found.

I was advised that the victim urinated in the toilet in the bathroom but did not flush the toilet. I collected a sample of the urine using a pipet. I also collected the toilet paper that was found in the toilet.

I examined the living room floor and couches using an alternate light source. I did not observe any areas of interest on the floor. I did find an area of slight green fluourescing on the front of the couch along the west wall. I collected a sample from the area using a sterile cotton swab and distilled water.

We completed our investigation of the scene at 1210 hours.

On Tuesday, July 27, 2004, at 1545 hours, I was contacted by Det. Ozuna to return to the scene. T.I. Urbanczyk went to the scene with me. Det. Ozuna found a small round reddish brown stain on the exterior window sill of the kitchen window. I photographed the stain. T.I. Urbanczyk tested the stain with a Hemastix, a presumptive test for blood. The Hemastix showed positive for blood. A sample of the stain was collected using a sterile cotton swab and distilled water. We left the scene at 1605 hours.

EVIDENCE

Evidence collected is listed on T.I. Wyatt's property form and my attached property form. Items not submitted to Oklahoma City Police Department will be submitted to the small property room after processing.

PHOTOGRAPHS

The scene and items of evidence were photographed using a Sony MVCFD97 digital camera. Original digital images were transferred from memory stick the crime scene image library maintained on the PD server.

EVIDENCE PROCESSING & RESULTS

On Monday, July 26, 2004, at 1440 hours, myself and T.I. Wyatt packaged evidence to be submitted to Oklahoma City Police Department for serology and DNA analysis. While we were packaging evidence, T.I. Urbanczyk

processed item 5, the victim's mobile phone, for latents using black powder. No latents were found on the mobile phone. Item 5 was given to Det. Ozuna to be released to the victim.

On Tuesday, July 27, 2004 at 0830 hours, I processed items of evidence related to this case. Items 1, 2, 3, 4, 8, 11, 15, and 16 were processed for latents using the cyanoacrylate vacuum fuming chamber, black powder, and magnetic powder. A poor/fair quality latent was found on one of the items listed as #3 (the bottom of the potpourri simmering pot). The latent will be submitted to AFIS for possible enhancement. No other usable latents were found.

On Thursday, July 29, 2004, I released the buccal swabs and sample collected from the window sill by T.I. Urbanczyk to Ryan Porter from the Oklahoma City Police Department. The items will be analyzed and compared to previous items of evince submitted. Det. Ozuna requested I photograph items of evidence he collected from the suspect's residence. I photographed a long sleeve t-shirt, a silver chain, and two boxes of condoms. There were two light reddish color stains on the front of the long sleeve t-shirt. I tested the two stains using a Hemastix, a presumptive test for blood. The stains showed negative for blood. I processed the two condom boxes for latents using the cyanoacrylate vacuum fuming chamber and magnetic powder. Poor quality latents were found on the condom boxes.

REMARKS

Field notes will be kept on file in the lab. Latents will be kept on file in the lab for future reference. Latents will be submitted to AFIS for examination and comparison.

RAPE, 07-26-04

Spring Tree Apartments, 7016 E. RENO, APT. 119

VICTIM- JENNIFER DUNN

SUSPECT- RAYSHUN C. MULLINS

Monday- July 26, 2004

I responded to Midwest Regional Medical Center E/R to receive information on a rape. The rape occurred at 7016 E. Reno, Apt. 119. Dunn had gone to her grandmother's home and reported the incident from her grandmother's home. Cpl. Petre had responded to the grandmother's home and escorted her to the E/R for an examination. Cpl. Cargal was sent to the victim's apartment to secure it.

I interviewed Ms. Dunn at the E/R. She said that she was sleeping in her bed with her five year old son, D.J. She said that she suddenly felt a hand over her mouth and a knife on her neck/throat. She said that he told her to be quiet or he would hurt her baby. She said that he told her to get up. She said that he walked her to the living room. She said that he told her that he knew her. She said that he told her that he knew what she looked like and where she worked. She said that he told her that she worked at Pelican's. (Pelican's is a restaurant/lounge.) She said that she told him that she didn't work there. She said that he told her that she did. She said that she told him that she worked downtown. She said that he then told her that he had seen her at Pelican's.

I asked her about this. She told me that after he left, she found the contents of her purse dumped out on her table. She said that there was a matchbook from Pelican's in her purse. She said that she thinks he saw this and that was why he thought she worked there. She said that she had been at Pelican's on 07-23-04 with family/friends, but that she did not remember seeing any black men in the restaurant.

She said that once they were in the living room he told her to lay down (on the couch). She said that he told her to take her pants off. She said that she told him that she was on her period. She said that he moved her panties to one side. She thought he used the knife to do this, but was unsure. She said that he then told her to take off her shirt. She said that he played with her nipples and that he kissed her on her mouth and neck.

She said that he told her to sit up and that he sat down next to her. She said that he told her to touch it (his penis). She said that first she touched him through his clothes, but that he then told her to put her hand inside and touch it. She said that he then pulled out his penis and told her to suck it. She said that she did, but that he could not keep an erection.

She said that after a while he pulled it out of her mouth and told her to lay down on the floor. She said that she has a dark area rug in her living room and that this was where he made her lay down. She said that he took off her underwear. She said that she heard him pull something out of his pocket and then heard a tearing sound. She thought that he may have been taking a condom out of his pocket and that the tearing sound was him taking the condom out of its wrapper. She said that he then forced intercourse. She said that throughout this time, he kept telling her to stay quiet or he would hurt her baby. She also said that he told her to keep her eyes closed.

She said that he continued to have problems remaining erect. She said that he took it out of her vagina told her to suck it again. She said that he told her to suck it good and make it hard. I asked her about the condom. She said that he must have taken it off before telling her to suck it again. She said that he became erect again and that he pulled out of her mouth and told her to turn over. She said that he then entered her (vagina) again, this time from behind. She said that after a while he stopped.

I asked her if he ejaculated. She said that she was not sure. She said that she didn't think he did the first time that he made her suck him. She said that the first time he forced intercourse she was unsure because she thought he was wearing a condom. She said that the second time he forced her to suck him, his penis was wet. She said that he may have ejaculated in the condom or that he may have been using some type of lubrication. She said that she didn't think he ejaculated the second time he made her suck him because he could not stay erect.

She said that when he stopped (after the second time he forced intercourse), he told her to get dressed and go to her room. She said that he told her that she would find her cell phone outside her window. She said that he told her to stay quiet and not call anyone because he would be watching and that he would hurt her baby if she did anything. She said that she stayed in her room until she heard her (front) door open and close.

She said that she went to her phone and tried to call her boyfriend, but that her phone would not work. She took out an old phone and plugged it in and called her boyfriend. She said that her boyfriend lives in Phoenix (Arizona). She said that he called his best friend, John Jackson, and asked him to come to her home. Jackson found her cell phone outside her kitchen window just as the suspect said that he would. He picked it up and put it in a plastic bag. Jackson transported Dunn and her son to her grandmother's home. He brought Dunn's phone with them.

CASE # 04-5812

I asked Dunn what the suspect looked like. She said that she did not get a look at his face because it was dark and that the lights were not on. She said that she could tell he was black by his voice. She said that she thought he was about 5' 7" with a slim build. She said that he was wearing a light colored shirt. She said that he wore some type of neck chain because she heard it rattling. She also said that she heard him as he buckled/unbuckled his pants.

She said that he had something over his face. She said that after he left, she found an orange scarf on her loveseat. She said that this scarf is usually on a shelf in her living room. She felt that this was what he had over his face. I asked her if he may have had or used a flashlight. She said that she did not think so but that she was unsure because she kept her eyes closed because he kept threatening her son. She said that the only light in the house was that which came in through the blinds.

I asked her if anything was missing from her home. She said that her pink pajama pants that she had been wearing were gone and that \$7 was missing from her purse. I asked her about credit cards or i.d. cards. She told me that her checkbook and debit card were still there as was her i.d. card. She said that she did not think anything else was missing.

I asked her if she could determine what he may have touched while he was in her house. She said that she was unsure. The only things that she knew for certain were her cell phone, her pants and her purse. I asked her about the knife that the suspect used. She said that she has a knife block on her kitchen counter. She said that she found a knife on her counter. The knife had been in the knife block when she went to bed. She was certain of this because she rarely uses any of the knives from the block. She said when she found the knife on the counter, she picked it up and then put it right down.

I talked to her about the SANE examination. I asked her if she had eaten or drank anything. She told me that she had a cup of coffee at her grandmother's home. I asked her if she had used the bathroom or taken a shower. She told me that she urinated (in the bathroom at her home), but that she had not flushed it. Cpl. Petre stayed at the E/R. Terry Gillespie conducted the rape examination. Gillespie collected Dunn's clothes and gave them and the rape kit to Cpl. Petre. Petre then submitted these to our crime laboratory. I then went to the scene.

When I arrived Sgt. Kelly, Sgt. Favors, Det. Kimball, Cpl. Cargal, Cpl. Hudgins, and T.I. Wyatt were on scene. Wyatt told me that they had found Dunn's kitchen window was open. On the ground, a few feet from the window, were some candles and tin holders and a plastic bottle. Dunn confirmed that these had been resting on her inside window sill prior to the assault. There was also some mud on the outside wall under the window and on the window sill. Wyatt told me that Hudgins and Kelly had each found condom wrappers in two separate trash cans near Dunn's apartment.

CASE # 04-5812

(T.I. Smith arrived and assisted Wyatt in processing the scene.) All the items mentioned above were seized and logged on Wyatt's property form. Also, Wyatt found some footprints in the mud near the back side of Dunn's apartment building (this is the same side as her kitchen window.) See Wyatt's report for his actions concerning these footprints.

There is only one door/entrance to Dunn's apartment. The first room in side her door is the living room. We found the dark area rug as described by Dunn. We also found the scarf on the love seat. Wyatt photographed and seized both of these. Smith used their alternate light source to check the couch, floor, and walls for fluids. She found some dried fluid on the couch. She collected it. On the kitchen counter we found the knife as described by Dunn. We also found a telephone with a cut cord. These items were also seized. On the dinner table we found the contents of Dunn's purse just as she described. We seized the Pelican's matchbook for processing. Smith collected a specimen from Dunn's toilet and the tissue which was in it. Smith processed several items throughout the house. Det. Kimball had searched the dumpsters. In the dumpster at the N/E corner of the property, behind building 7012, he found a pink pair of pajama pants. These were sitting on top of the trash pile. There was no trash on top of them, so it appeared that they had been put in there very recently. Smith photographed and collected them from the dumpster. When she did so, she found a used condom and a Trojan Magnum condom wrapper directly under where the pants had lain. She also collected these. See Smith and Wyatt's reports for further details on their work.

Dunn was not sure what time the assault began, but she said that she looked at her clock when the suspect left and that it read 0525. She said that the clock is ten minutes fast, so he left at 0515. She estimated that the assault lasted thirty minutes to an hour. It appeared that the assault began between 0400 and 0430. Sgt. Favors determined that the only business in this area which was open during this time frame was Crest Grocery at 7212 E. Reno. Crest is less than one half block from Dunn's apartment. He went to Crest to view their video surveillance to try and find a subject matching the suspect's description. He spoke with Crest employee Frank Hill. Hill showed Favors the video and there was a black male matching the suspect's height and weight who entered the store at 0357. He wore a light colored shirt and a neck chain. He purchased a box of Trojan Magnum condoms. He left the store at 0359. Hill provided Favors with a copy of the transaction history and the name of the clerk who made the sale, Shane Rogers, but was having technical difficulties and unable to copy the surveillance video. He stated that he would attempt to correct the problem and call Favors when it was ready.

Lt. Jackson and Dets. Miller and Davis of the OCPD responded to the scene. I briefed them on the case. They felt that our suspect's m.o. and description matched that of serial rapist they were investigating. Chief Clabes had coordinated with Chief Citty of the OCPD and agreed to work together on our case, to include processing our DNA evidence. The DNA evidence collected by our lab was later released to Dets. Miller and Davis.

When I left Dunn's apartment, I stopped at Crest and spoke with Hill. He contacted his main office and was able to copy the surveillance onto a DVD. I asked him if he could print photos off the DVD. He said that he could not because of equipment failure.

I returned to headquarters and met with OCPD Dets. Davis and Miller. I showed them the DVD of the subject from Crest. I coordinated with T.I. Smith and she released our DNA evidence to Davis and Miller.

I contacted the Shane Rogers, the clerk from Crest and he agreed to come in for an interview. Rogers told me that he remembered little about the sale. He said that the subject was a black male, maybe 5'7", skinny, and that he maybe had facial hair. He said that the subject was possibly wearing dark clothes. He said he was unsure if he wore shorts or pants. He said that he remembered nothing about the subject's face. I asked him about a composite. He said that he could not remember any details about the subject's face and that he could not do a composite.

Favors told me that a canvass had been planned. Eight OCPD officers and four detectives from our agency, including me, were going to go door to door at Spring Tree and YorkShire Apartments, which is directly across the street from Spring Tree. OCPD provided some questionnaires to gather information from the residents we contacted. On the way to the canvass, I stopped by Crest. I spoke with Manager Tim Chandler. He was able to print some photos from the DVD that Frank Hill had provided. I joined the other officers on the canvass. The canvass identified an employee who had been working at Crest during the hours when the subject purchased the condoms. (I had planned on going to Crest at 2200 hours to interview the night shift employees, so I did not speak to her in depth at this time.) When the canvass was complete I gathered the sheets with the plan to review them Tuesday morning.

At approximately 2230 I went to Crest and spoke with the employees who had been working when the condom was purchased. These were Bob Crotsley, Mike Spencer, Kevin Ramos, Eric Dedeaux, Jonathan Franks and John Butler, all who were stocking shelves, Shane Rogers, Chris Chrisman, and Anneliese Whitehead, all cashiers. Ramos said that a black male approached him asking where the condoms were located. He said that he did not know, so he sent him to Whitehead, who directed the subject to Rogers. Both Whitehead and Ramos said that they could possibly do a composite. They each stated that they could not leave work, but both agreed meet me Tuesday to do a composite.

Whitehead and Ramos came in (separately) as scheduled. I completed composites with both of them. Their composites did not match each other. Whitehead stated that the subject had a mohawk style haircut with a pony tail. Ramos said that he had short hair which appeared freshly cut. He said that the subject had no tail. Whitehead remembered a neck chain and earring, matching what was in the video. Ramos stated that the subject had no jewelry. Our composites did not match those that OCPD had from their assault victims.

I reviewed the questionnaires. Four listed possible suspicious activity within the last month at Springtree Apts. The questionnaires were from apts. 272, 216, 204, and 203. Det. Huff and I went to the complex to make contact at these apartments. We were not able to locate anyone at any of these apartments. We went back to the victim's apartment and looked around the outside of her building. Huff noticed a spot of blood on the outside ledge of her kitchen window. We contacted T.I. Smith. Smith and T.I. Urbanczyk came out and tested and collected the blood.

While there, we made contact with Tiffany Dahlke, who lives in apartment 206. She asked about the suspect and we showed her the photos from Crest. She said that she thought she recognized the subject as having been at the complex. She agreed to call if she saw him again.

Later this night, Dahlke called and spoke with Cpl. Gitthens. She told him that she thought the subject in the photo had just left the complex. She gave Gitthens the tag number and a description of the car that the subject left in. Gitthens checked the registration on the tag. The car was registered to Eileen Scruggs. (Gitthens completed a supplement.)

Wednesday-July 28, 2004

Det. Huff and I located Scruggs. She told us that her son William had been driving the car Tuesday night. William was not home, but arrived home while we were there. William's physical description did not match that of the subject in the Crest video, but we asked and he agreed to come to our headquarters to be photographed and fingerprinted. He told us that he and two friends, Ivory Maxwell and Terrel Pullman, were at the complex. I located them and they agreed to come to the station for an interview. Each of them already had a photo and prints (from prior arrests) in our system. When they arrived their appearance also did not match that of the subject from Crest.

I showed them the photos to see if they might know the subject. They both stated that they knew him from Midwest City High School (MWCHS). Neither could remember his name, but both were sure that they knew him from school. I contacted Sgt. Favors, who contacted Cpl. L. Stephenson. Stephenson was able to get copies of MWCHS yearbooks from 2003 and 2004. I showed the

yearbooks to Maxwell and Pullman to see if they could identify the subject. They could not locate his photo, but they were certain that he had been a student at MWCHS.

I returned the yearbooks to Stephenson. I showed him the photos (he had worked security at the school for several years. He too recognized the subject as a past student at MWCHS, but could not remember the name. He took the photos to the school and showed them to Principals Stearns and Carem. Both Stearns and Carem immediately identified the subject as Rayshun Mullins.

Det. Huff and I located two possible addresses for Mullins. One was his mother's home at 206 Elm; the other was 1920 E. Second St., Apt. 1605 in Edmond. We went to the Elm address first. We made contact with Mullins' younger brother, Rasheed Mullins. He said that Mullins lived in Edmond. I asked him if he knew where he, Rayshun, was. He answered no, but agreed to call him on his cell phone. When he called Rayshun, I spoke with him. I told him that I needed to speak with him reference a case I was investigating. He agreed to come to the station at 1600 hours. (He called me twice more, before he came in, but he showed up on time.)

I told him that I was investigating a sexual assault that occurred in Midwest City. He told me that he rarely comes to Midwest City so he probably could not help me. I told him that the incident occurred early Monday morning. He again said that he had not been in Midwest City recently. I told him that we had DNA from our incident and I asked him if he would give consent for a DNA swab. I explained the procedure to him. He agreed. T.I. Smith was notified by Huff.

I asked him to review what he did on Sunday. He told me that he saw some family members early Sunday morning. He said that he stayed home the rest of the day until late afternoon. He said that at approximately 1730 hours, he left to go wash his car. He said that he went to a car wash at SW 44th and May. He said that the car wash took him about thirty minutes and that he then went to the Mexican strip. He said that the strip is Woodson Park off of SW 29th. He said that a girl named Ashley met him there. He said that Ashley is a friend who lives in Norman. He said that he does not know her last name. He said that they stayed there until approximately 2000-2030 hours. He said that he and Ashley then drove, in separate cars, to McDonald's at SW 29 and May. He said that they stayed there for about thirty minutes. He said that they each went home after this.

I asked him if he stayed home. He said he did. I showed him the photo from Crest. He looked at it and said "that's me." I told him the photo was taken at Crest on the early morning of the 26th. I told him that he lied about going and staying home after leaving McDonald's. He denied lying, stating that he did not think I wanted to know everything. I told him that I did want to know everything.

He said that on the way home from McDonald's a friend, Monica Trujillo, called him and asked him about coming to his home. He said that he went home, showered, and waited for Monica. He said he called her about 2300 to ask why she had not come over. He said that she asked him to come to her house. He said that he came to Monica's about 0100. He said when he got there, her car was not there, but he knocked anyway. He said no one answered, so he waited about ten minutes and then left. He said that he was unsure if she was asleep or gone, because her car was gone, but her grandmother's car was there. He said that he thought she may have gone to the store. He said that he decided to go to the store to buy condoms. He said that he went to Crest on Reno and bought the condoms. He said that he came back to Monica's but that her car was still not there, so he went home (to his apartment in Edmond.)

T.I. Smith knocked on the door. (She had been called when Mullins had earlier agreed to the DNA swab.) I asked him if he would allow our lab techs to take a DNA swab. He asked if he needed a lawyer for this, the DNA swab. I told him that he did not need a lawyer for the consent because it was voluntary and that he was not being forced into it. He said that he wanted to wait. I told him okay.

Det. Huff and I exited the room and spoke. I learned at this time that Det. Harkins had begun recording our interview. Huff and I discussed what we had learned. We felt that Mullins was now a strong suspect. When we went back into the interview room, I told Mullins that he appeared nervous and that I wanted him to know and understand his rights. I read Mullins his rights from my Miranda warning card; he said that he understood his rights.

We began the interview again. I asked Mullins to tell me about Sunday night again. He told me the same account as before. I told him that he was not at Crest at 0115 as he insisted. I told him that the video proved that he was there at 0359. We spoke for several minutes about this discrepancy.

I told him that I knew he was at Crest at 0400 (0359). He ultimately admitted this. I told him that I knew that he went to Springtree Apts. when he left Crest. He said that he did not. He said that he did not even know where Springtree was. (Springtree Apts. had formerly been called Casa Cortez. I felt he may not know the name, so I explained the location of Springtree.) When I told him that Springtree used to be called Casa Cortez, he told me that he used to live there. I told him that I knew he went there and not to Monica's when he left Crest. He continued to deny it. He then asked if he could speak to me alone. Det. Huff left the room at this point.

Mullins continued to deny going to Springtree until I told him that I had a witness. I told him that the newspaper carrier had seen and identified him. (This was not true. I had not been able to locate or identify the newspaper carrier.) At this point he admitted to going there. I told him that he went to a certain apartment. I told him that I knew everything that had happened and that I just wanted his side of the story.

I told him to start at Crest. He said that he went in and spoke to a stocker (Ramos) who told him to talk to the lady (Whitehead), who sent him to the cashier (Rogers). He said that the cashier had to go to the case because they (the condoms) were locked up. He said that they had to move some bread racks to get to the condoms. (This was consistent with the video.)

He said that he then went to Springtree. He said that he was going to go in the window, but that he tried the front door and found it open. He said that he went in the front room, which was the living room. He said that he sat for a while. He said that his heart was pounding. He said that after a while he went to the room. I asked him what room. He said her room. He said that she was sleeping with "the little boy." He said that he watched them for a while. He said that he saw and took her cell phone. He said that he went to the bathroom next. He said that he just stood in the bathroom. He said that he then went into the back bedroom. He said that no one was in that room. (This room is Dunn's son's room.) He said that he then went back into the living room/dining room. He said that he saw her purse. He said that he picked it up and went to the kitchen window. He said that he opened the window and threw her cell phone out. He said that when he did this he accidentally knocked some stuff (the candles and tin) out of the window. He said that he went through the purse and he found \$2.00 cash which he stole. Dunn stated that she was missing \$7. I asked Mullins about this. He said that he only got \$2. He said if there was a five, he did not see or take it. He said that there was a bank card, but that he did not take it. I asked him if he knew the name on the card. He said that he did not know the first name, but that he knew her last name was Dunn.

He said that he unplugged the phone, which was on the kitchen counter and then decided to cut the line with a knife which he found in the kitchen. He said that he went to her bedroom and woke her up. He said that he told her to be quiet and to get up. I asked him if he had the knife. He said that he did. I asked him if she knew he had the knife. He said that she did. He said that he used it to scare her. He said that he told her to come into the living room. He said that he told her to take her clothes off. He said she told him that she was on her period. He said that he checked this by moving her panties. I asked him what he could see or tell by moving her panties without any lights on. He said that there was light which filtered through the kitchen window and with that light, he could see "white paper" which verified to him that she was on her period. He said that he told her to rub him. He said that she then performed oral sex on him. He denied telling her to do this. He said that he then put on a condom and had intercourse with her. He stated that he ejaculated in the condom. He said that he pulled out and took off the condom and that he then told Dunn to perform oral sex on him. He said that after a while he told her to stop and that he then had intercourse with her again.

He said that when he was done, he told her to get dressed and go to her room. He said that he told her where her cell phone was so that she could call for help. He said that he grabbed her pants, the condom, and the condom wrapper and left. I asked him what he did with the items he took. He said that he threw them in the trash. I asked him if he thought that she consented to this. He said that he knew that she did not.

I asked him if he planned this. He said that he did not. He said that he was supposed to meet Monica and that was why he had the condoms. He said that when he could not find Monica he thought of her, Dunn. I asked him how he knew Dunn. He said that he used to visit a girl named Rachel who lived upstairs from Dunn. He said that the times that he saw her, Dunn, standing in front of her apartment she was always by herself, so he figured she did not have a man.

He denied stalking Dunn. He denied planning this assault. I asked him if he took anything else from Dunn's apartment. He told me that he did not. I asked him if he took any photos; he said that he did not. (The victims in the Okc. rapes had reported that the suspect stole pictures of them and or family members. Dunn had several pictures throughout her apartment and had not been able to determine if any were missing.)

I told Mullins that OCPD was investigating some rapes which were possibly related to this case. I told him that they had DNA evidence and that if he were responsible, it would be found out. I asked him if he was responsible for any of these. He told me that there were two others. I had some information on OCPD's cases, but did not have copies of their reports. I stepped out of the room and spoke with OCPD Lt. Mike Jackson and Det. Davis, who had responded to our P.D. We agreed that I would interview Mullins reference their cases and a related rape in Del City. Those confessions are as follows.

OCPD case # 04-37680 / 04-20-04

I asked him to tell me about the first one. He said that the victim was a Hispanic female approximately 29 years old. He said that she had short hair and that she was kind of heavy. He said that she had an Mexican accent. He said that he did not know her and had not seen her prior to the assault.

He said that he did not know her address, but he told me how he got there. He said that he left Graham's night club, which is located at 3700 W. Reno, and drove up to NW 23. He said that he stopped to get gas at a convenience store. He thought it may have been EZ Mart or "something like that" and that it may have been near Meridian or McArthur. He said that it was near a 7-11.

He said that he saw a Mexican woman leaving the store in a red Mustang. He said that he watched the car drive down the road and then turn off. He said that after he finished pumping his gas he followed the path that the red Mustang had driven. He said that he found the car in time to see the woman going into her apartment.

He said that he waited about one hour and then went up to the door. He said that he knocked softly to see if she was awake. He said that no one answered, so he opened the door. He added that the woman had not fully closed the door. He said that the kitchen light was on. He said that when he entered the living room, he stayed there for a while. He said that he was scared and that his heart was beating hard. He said that he "debated about whether or not to do this."

He said that went in her room and woke her up. (He denied having a weapon.) He said that he told her to be quiet and get up. He said that she told him that she was scared and that he told her that he was not going to hurt her. He said that she told him that her daughters were in the house. (He denied ever seeing them.) He said that he told her to cover her face with her pillow. He said that he asked her name and some other questions. He said that he pulled off her covers and that she was naked. He said that she asked him what he wanted. He said that she was "frantic." He said that she told him that he could have what ever he wanted. He said that she grabbed his penis. He denied telling her to do this. He said that he had intercourse with her and that after he told her to perform oral sex. He said that he ejaculated on her. He said that she told him to take her money. He said he thought she was afraid for her daughters. He said that she took her money out of her pants pocket. He said that she gave him \$20. He said that he wiped himself with a towel which he found in her room. He said that he left. He denied kissing her. He said that she kept telling him that she was scared.

Det. Davis told me that 10 ten days later this same victim called and reported finding a note in her home. The note was from the subject who assaulted her and listed a demand for money and made threats towards her daughter. Her daughter's school i.d. was with the note, with the photo cut out. I questioned Mullins about this. He stated that he wrote and left the note on the night/morning of the initial assault. He said that he got the paper from her daughter's book bag. He said that he found the school i.d. card in the bag. He said that it was already peeling when he found it and that he had to peel it further to see the photo. He denied taking the photo and would not admit to going back to her home a second time.

OCPD 04-067680 / 07-13-04

I asked him to tell me about the other one. He started by saying "on this one." Initially he stated that he did not know her and that he had never seen her before. He later admitted to having seen her at Ted's (a local restaurant) twice. He said that she told him that her name was Jaime. He said that he came up to her apartment and found the door unlocked. He said that all the lights were on in the house, but that no one was home, except her dogs. He said that he looked around. He said that it looked like she just came home because there were suitcases with clothes laying out. He said that he remembered a laptop computer in a back room. He said that her dogs were barking. He said that after looking around for a while, he left and went to Taco Bell.

He said that when he returned the lights were off so he figured she was home. He said that he checked and that the door was unlocked. He said that he entered the home and that he stayed in the living room for about one and one half hours. He said that his heart was pounding. He said that he went to the kitchen and found a knife. He said that he went to her bedroom. He said that she was talking on her cell phone. He said that he grabbed her pillow and that she screamed. He said that he told her to calm down and that he was not going to hurt her. He said that she asked what he wanted. He said that she offered him money and offered to give him her ATM card.

He said that her phone must have hung up when he grabbed the pillow because it began ringing. He said that the phone was a flip phone and that it must have flipped closed and hung up on the other party. He said that she told him that she was talking with an ex-boyfriend and that he was probably the one calling. He said that she told him that if she did not answer the phone, the ex-boyfriend would probably come over. He said that he let her call him back. He said that when she called her ex-boyfriend, she told him that her dog had gotten sick. He stated that this story was her idea, not his.

He said that he began talking to her. He said that he asked her name and how old she was. He said that she told him her name was Jaime and that she was twenty years old. He said that they talked about her ex-boyfriend. He said that he pulled the covers off of her. He said that she was wearing panties. He said that he rubbed her legs and breasts. He said that he kissed her breasts, but that he did not kiss her mouth. He said that he tried to insert his penis in her, but that he could not enter. He said that he kissed her breasts and rubbed her leg until she got wet and then he was able to put his penis in her vagina. He said that he stayed in her for about twenty - thirty minutes. He said that he then pulled out and told her to perform oral sex on him. He said that she told him that she had never done that before. He then said that she told him that this was only her second time doing that

(performing oral sex.) He said that after a while he inserted his penis in her again. He said that he then pulled out and that he put his mouth on her vagina. He said that he then inserted his penis in her vagina again. He said that he pulled out and ejaculated on her stomach. He said that when he was done, he wiped himself with a towel.

He said that Jaime then offered him her bank card. He said that he knew she wanted to get rid of him. He said that she offered to give him her PIN number. He said that he told her that he was not a fool and that he knew that ATMs had cameras. He said that she drove him to the ATM and that she withdrew \$300. He said that they made a deal that once she gave him the money, he would throw out the knife. He said that when she gave him the money, he threw out the knife at the bank. He thought the ATM was at a Bank 1, but he was not sure. He said that they then drove back to her home. He said that they sat and talked for a while. He said that she showed him her art and offered to give him some of her art. He said that he told her that he knew that she "was playing" him and that she was only being nice because she was afraid and wanted him to leave. He said that he told her that she was cute and that she should lock her windows and doors. He said that she hugged him when he left.

DEL CITY P.D. 03-3678

I did not have a copy of the report and the only case information I had was that the victim's name and address. I told Mullins that this case had been linked by DNA to the others and asked him to tell me about it. He told me that it was random. He said that he had seen her two or three times at a convenience store which was near her apartment. He said that he had also seen her at the nearby carwash on Reno (Clearwater Carwash at 5700 E. Reno.) He said that he thinks it was about six in the morning. He said that he thought she may have been up (awake) because it was time for people to be getting up. He said that he knocked on the door, but no one answered. He said that he checked the door and that it was unlocked. He said that he entered her home thru the door.

He said that once again his heart was pounding. He said that this time it did not take as long. He said that he only stayed in the living room about five to ten minutes before he went in her room. I asked him if he had a weapon. He said that he did not have a real weapon. He said that he found a stick-like object in her home. He said that it was made of plastic and shaped like a flute, wider at one end and coming to a point at the other.

He said that when he entered the room she was awake, but that she had her back turned to him. He said that he pulled the covers off her and that she was naked. He said that he poked her in the side with the object and told her to be quiet and cover her head with her pillow. He said that she told him that she had no money. He said that she told him to do what he wanted to do.

He said that he pulled his pants down and had intercourse with her. I asked him if he used a condom. He said that he did not. He said that there was no conversation, like there had been with the others. He said that there was no kissing, no rubbing, no oral sex, or anything. He said that he ejaculated on her. He said that he wiped himself with something from her room, but was unsure what he used. He said that he left the item there and then left.

OCPD 04-14256 / 02-12-04

I asked him about one on the south side, near I-240 and Sante Fe. He began by stating "this was a quick one too." He said that there was no conversation between them. He said that he was visiting a friend named Alisa (last name unknown), who lived in the same complex. He said that as he was leaving, he saw her (the victim) getting out of a cab. He said that he saw her go into her apartment. He said that he waited about fifteen minutes and then crawled thru an open window. He said that there was no screen. He said that he stood in the living room for about two to three minutes. He said that he then went into her bedroom. He said that he did not have a weapon. He said that he told her to be quiet.

He said that she started like the other girls, asking him if he wanted her money. He said that she took her money out of her purse. He said that it was all one dollar bills. He said that it was between \$20 and \$25. He said that she was a bartender and that the money was her tips. He said that she asked him not to hurt her or kill her. He said that he told her to bend over the (footboard of the) bed and had intercourse with her. He said that they stood the whole time. He said that there was no oral sex. He said that he did not use a condom. He said that he could not remember if he ejaculated because it had been so long since the date of occurrence.

I asked him if he had her cover her face with a pillow. He said that he did not. I asked him if he remembered seeing any phones. First he said that he did not. Then he said that there was a cell phone and a cordless phone. He said that he moved both of these into the living room.

OCPD 04-41443 / 04-30-04

He started out by saying that this was the same as all the others, random. He said that this apartment complex was next to the one where "the Mexican" lived. (The Mexican was OCPD 04-37680.) He said that he went in thru an unlocked, but closed window. He said that it did not have a screen on it. He said that when he went in, he saw that she was an older lady. He said that he thought about the fact that she may have a heart attack if he did this. He said that he told her to get up. He said that she was "iffy" about getting up, but that she did. He said that she told him that she had cancer. He said

that he told her to get dressed. He said that he walked her to the living room. He said that she offered to give him money. He said that she checked her checkbook and told him that she had \$200 in the bank. He said that he told her to get her shoes and keys. He said that they drove to a bank. He said that she drove and that he rode in the back seat. I asked him what kind of car she drove, he said that it was a maroon-like (Toyota) Corolla or a Geo Prism. He said that at the bank she withdrew \$180-\$200 and gave it to him. He said that he did not remember the name of the bank. He said that they drove back to her house and that they sat outside. He said that he closed her windows and then went back in the house with her. He said that he told her to go back to bed. He said that he told her to not get up for five or ten minutes or until she heard the door close when he left.

I asked him if he used a weapon. He said that he pretended to have a weapon. He said that he acted like he had a sharp object in his pocket. He said that he kept his hand in his pocket as part of the act. I asked him if he saw a phone. He said that he did not. I asked him if he cut a phone line. He said that he saw a phone line. He said that "she" had a pair of scissors on the computer table and that he used these to cut the phone line.

I asked him about other cases which OCPD was working, but he denied being involved in any other cases. After the interview, I asked Mullins about the DNA swab. He consented and T.I. Urbanczyk collected the swabs. I placed Mullins under arrest and processed him into our jail. Det. Davis told me that she was going to secure a warrant for Mullins home to search for related evidence. She later called me and asked me to attempt to obtain consent from Mullins. I asked Mullins for consent to search his home. He signed a Consent To Search Form. Cpl. Lane (MWCPD) and I signed the form as witnesses.

Det. Benavides of OCPD met me at our jail and we transported Mullins to his apartment to conduct the search. We learned that Mullins had a roommate, Marcus Steele. I spoke with Steele and he also signed the Consent form. In the home we found a neck chain under a pair of tennis shoes in Mullins's closet. He confirmed that this was the neck chain he wore when he assaulted Dunn. I asked him about the shirt he wore. He told me that it was gray with black trim and that it was in his laundry basket. I found the shirt just as he indicated. I asked him if he knew what underwear he wore that night. He said that he did not. I asked him about the condoms. He told me that they were on top of the laundry dryer. He told me that there were two boxes on the dryer. He said that one of them was the box from Crest. I seized these items. I later gave these to T.I. Smith to be photographed and logged. OCPD seized three pair of tennis shoes, two pair of gym shorts, and a pair of jean shorts. They also seized some mail as proof of Dominion and Control. OCPD collected their items and logged them at their P.D.

Thursday- July 29, 2004

Det. Porter of OCPD came to our station to pick up photos of Mullins. We gave him the photos. Also, per request of OCPD, T.I. Smith released the DNA swabs and the swab containing the blood evidence collected by Smith and Urbanczyk on Tuesday. I was later contacted by Det. Davis of OCPD. She told me that the swabs had been submitted to their lab (by Porter) in the same envelope, which is against their procedures. I contacted their lab and confirmed this. I then contacted T.I. Urbanczyk. She met me in our jail. I spoke with Mullins; he signed a Consent form and Urbanczyk obtained new swabs. I transported these to OCPD and met with Det. Benavides and their lab tech, Elaine. These swabs were submitted in accordance with their procedures without further incident.

I completed a case record and affidavit and forwarded charges to the Oklahoma County D.A.s's office.

NOTE: Harkins began recording on DVD. At some point, he began to back the recordings on VHS tape. The tapes and DVDs were later logged into our small property room.
